

Status Report Week 5

Sunrise Alarm Clock - Team 7

Oct 27th 2021

Parts are either ordered or in hand.

- Gesture sensors on route
- Analog parts on route est Oct 29th
- Displays arrived or enroute
- PIC have but need to distribute to teammates. (Today)
- Buzzers selected

Prototype is still minimal. Have read that we can use an Arduino to program, still figuring it out. Have a backup programmer on the way.
